3500 ARMED MINERS ON WAY
TO FORCE UNION OF OTHERS

Car Load of Machine Guns Mentioned as Greeting Awaiting Band of Armed Miners.

COAL RIVER, W. VA.
SCENE OF TROUBLE

Mine Operators to Resist Armed Gang and Great Bloodshed is Feared.

(By Associated Press.)
CHARLESTON, W. VA., September 6.—Five hundred miners who left Oak Grove this morning to march across the mountains to Coal River, where they say they intend to enforce unionization in mines, were joined at Racine, on the Little Coal River, by 3,000 more men, according to word received by Governor Cornwell shortly before noon today. All of the men were said to be armed.

According to information received from a local coal operator, the coal operators of the Guyan Field yesterday unloaded a carload of machine guns at different places in Logan county as a means of preparation to meet the miners from the Kanawha and Coal River fields.

4000 ON MARCH

It was said that 4,000 armed miners were on the march. The men refused to listen to the governor's appeal to return to their homes.

Trouble was predicted at Coal River unless the miners' demands are granted.

It was estimated the marchers would be joined by 25,000 men when they reached Logan county.

The march followed a big demonstration last night at Oak Grove, in which nearly 5,000 miners, many of them armed, met for the purpose of completing plans to go into Logan county to force the operators there to recognize the right of their employees to organize.

CAMP SHERMAN
TROOPS MAY GO

(By Associated Press.)
Washington, Sept. 6.—Governor Cornwell, of West Virginia was in long distance conversation with Secretary Baker this afternoon. Secretary Baker said the Governor did not ask for troops but reported the situation at Coal River on which armed miners were marching today with the plan of forming a union of the mines.

In the event troops are to be sent to the scene they probably will be sent from Camp Sherman, Ohio, said Secretary Baker.

Senator Declares Shantung Reference not Correct

Insists President Would not Tell Facts

(By Associated Press.)
Washington, Sept. 6.—Prefacing a prepared address on the League of Nations, Senator Norris, Republican, declared today that President Wilson's statement at St. Louis to the effect that Great Britain and the other allies had promised Japan Germany's rights in China in order to get Japan into the war was "erroneous."

In his prepared address, referring to the claims of China to Chantung, he said the President would not tell the facts regarding the disposition of the province because "it would cast some reflection upon the peace conference."

Dr. Renner Announces He will Return to St. Germain Sunday and Sign Treaty.

Actual Signing of Peace Terms Expected to take Place Next Wednesday.

(By Associated Press.)
Vienna, September 6.—Dr. Karl Renner, head of the Austrian peace delegation, has informed the newspaper correspondents here that he would return to St. Germain Sunday and sign the peace treaty handed Austria this week.

The dispatch reporting Dr. Renner as having decided to sign the treaty, comes in the face of numerous protests of the Austrian press against the treaty.

SIGN SEPTEMBER 10.
(By Associated Press.)
Paris, September 6.—Dispatches reaching the peace conference today from Vienna indicated that the Austrians would probably formally decide tomorrow to accept the peace treaty.

Dr. Renner is expected to return to Paris immediately in which case the treaty will be signed Wednesday morning, September 10th.

(By Associated Press.)
Pointe de Grave, France, September 6.—France paid lasting tribute today to America's active entry into the great war by laying the cornerstone of a monument here commemorating the landing on this spot of the first American troops in 1917.

Appropriate speeches by President Poincare and American Ambassador Wallace, were features of the exercises held on the birthday of LaFayette, who sailed for America from this same spot in 1777.

(By Associated Press.)
Pointe de Grave, Sept. 6.—The weather was not good for the ceremony, the addresses being delivered during a drizzle. None-the-less the scene was a brilliant one, with numerous detachments of French and American soldiers and sailors participating.

League will Make Force Unnecessary, Urges President

(By Associated Press.)
Kansas City, Mo., September 6.—President Wilson appealed to a Kansas City crowd today to support the peace treaty as a charter for a new order of world affairs.

Making his third speech for the treaty in Missouri to a capacity audience, President Wilson spoke in Convention Hall, said to accommodate 15,000.

When the President, accompanied by Mrs. Wilson, appeared on the platform, the crowd, each of whom had a small American flag, arose and cheered for more than two minutes.

President Wilson had been cheered as the presidential party paraded through four miles of the city's streets. The Presidential special arrived here from St. Louis at nine o'clock this morning.

In his address, the President covered many of the same points of the treaty he had discussed in previous addresses.

One of the things America had had in heart throughout her whole existence, said the President, was that arbitration and consultation should be substituted for force. This was accomplished, he declared, by the league of nations covenant.

Nine months of discussion of any international controversy would be assured under the covenant, he asserted, adding that this principle previously had been written into thirty arbitration treaties, "all of which were confirmed by the Senate."

The principle of the league, he declared, already had been adopted by the United States.

The boycott imposed on covenant breakers was emphasized by the President as constituting a measure more effective than military force.

Autocracy would perish with militarism, added the President, and the intrigue which had terrorized Europe for generations would be ended.

Conditions in Armenia, he said, are such that he "wondered that men do not wake up to the moral responsibility of what they are doing," when they were debating and debating while tragic situations waited to be dealt with as soon as the debating was over.

The people, said the President, had been misled about the treaty by men "who look at it with the jaundiced eyes of those who have some private interests of their own."

The President asked the audience not to think he had come out to "fight or antagonize" anybody.

"I have the greatest respect," he said, "for the Senate of the United States. But I have come out to fight a cause that is greater than the Senate and I intend to fight that cause in office or out as long as I live."

The President finished speaking about eleven o'clock. He will speak next in Des Moines, Iowa.

YOUNGSTOWN — The unidentified body of a white woman, well dressed about 40, was found with the throat cut, in a patch of weeds here today. Police says the woman had been criminally attacked, robbed and murdered.

ACCUSED MAN NOW IN PRISON

Charles Price, who was wanted on
a charge of extreme cruelty to ani-
mals because he had overdriven a
horse, which he had hired from Ben
Newland, was taken into custody by
Deputy Sheriff Nelson Saturday morn-
ing and after having eluded the law
for six weeks or more. His accom-
plice in the crime, Loyd Kidd, has
not been arrested, and according to
Price, is in Charleston, West Vir-
ginia.

The arrest was made through in-
formation from the sheriff of Greene
county who saw Price at a water-
melon social about five miles above
Nenia, Friday night, and immedi-
ately sent word to the local authorities
that he had found the man.

When Price made his escape from
the law in this county a search was
made through this part of the state
for him but he appeared to have suc-
cessfully hidden himself. However,
it was thought that he had remained
in Greene county and the sheriff of
that county was so advised.

Saturday morning Deputy Nelson
went out to the place where he had
last been seen and found his man.
Price was brought to this city where
he was placed in the county jail to
await trial.

Price is the older of the two men
and seemed ready and willing to tell
everything he knew concerning the
former partner.

LAND DEALS

Two large land transactions are re-
ported which have taken place re-
cently.

A 210 acre farm, known as the Par-
rett farm on the Hays road, owned by
Harry Pugsley Jr. has been sold to
Charles Griffith. Charles Pugsley has
purchased a 251 acre farm from
Harry Pugsley Jr. This farm is lo-
cated on the Columbus pike. Attractive
prices were paid it is understood.

The transactions were made
through the agency of Edwin F. Jones

AUTO ACCIDENT AT INTERSECTION

Another automobile accident oc-
curred at the Paint-North street inter-
section, Friday evening, in which a
machine owned by George Gordon, of
Bloomington, and driven by his
grand son, Gordon Lynch, was dam-
aged when it struck a telephone pole.

The mishap occurred when Dr. O.
D. Maddux was driving north on
North street and the Gordon car was
going east on Point street. Both
drivers checked their machines so
that they barely touched, but the
Gordon car climbed the curb and
struck the telephone pole on the
north side of Paint street, damaging
the front of the machine after snap-
ping the bumper.

Mr. Gordon received a painful cut
in the right cheek by fragments of the
windshield, and his sister, Mrs. Samuel
W. Thompson, suffered from shock.

TO ADDRESS BOYS SUNDAY AT 2:30

Sunday afternoon at the Y. M. C. A.
the first of the series of boys meet-
ings will be held at 2:30. Rev. Wm.
Boynton Gage will deliver a talk,
"Life in a Prison Camp in France."

A musical program has also been
arranged and Miss Helen Teeters has
been secured for pianist. Secretary
Fraser will contribute several solos,
it is announced.

The young men and boys are asked
to attend this meeting and the par-
ents are also extended a cordial in-
vitation to come. Beginning
promptly at 2:30 the program will
last less than an hour and everything
will be completed on schedule time.

PICKAWAY HAS CLOSED FOR WORK

Pickaway County has closed up for
her share of the improvement of the
Columbus pike, and Madison county
will do so within a short time, it is
announced upon good authority, so
that next spring or summer will see
the road in fine condition from this
city to Columbus, and will cut a great
deal of time and mileage from the
route to Columbus.

The contractors working on rebuild-
ing the road in Fayette county are
said to be making good headway, and
will have a large section of the road
ready to open by cold weather.

Mr. George Cherryholmes returned
Thursday to his home in Sabina, fol-
lowing an operation at the Hodson
Hospital.

Miss Nell Stuckey is convalescing
nicely after an attack of typhoid
fever and was able to leave the Hod-
son Hospital and return to her home
on Columbus Avenue, Friday.

John Slaughter, the eight year old
son of Mr. Mark Slaughter, of Day-
ton Avenue, had his tonsils removed
at the Hodson Hospital Friday.

Mrs. Percy Kennell and two weeks'
old son have left the Hodson Hospital
and returned to their home on the
Columbus pike.

WORK TIED UP BY INJUNCTION

The Common Pleas Court, upon ap-
plication of a number of citizens of
Green township, has awarded a tem-
porary injunction against further
work on the Green township central-
ized school buildings, and an early
hearing of the case is anticipated.

The complainants are Isaac F. Bar-
ger, Emmet Morris, John Sessler, N.
P. Fisher, Oliver Patterson, Sayler
Clevenger and John A. Smith, who
make the Green Township Board of
Education, the contractors, bonding
houses and County Auditor the de-
fendants.

It is claimed by the plaintiffs that
while only about \$44,000 in bonds had
been provided for the construction
and equipping of the two centralized
buildings, that the Board of Educa-
tion had started work which would
necessitate an expenditure greatly in
excess of that amount, and for which
no provision had been made.

All work toward removing old
school buildings, constructing the
new buildings, delivering the bonds,
and in fact all proceedings have been
enjoined. John Logan represents the
plaintiffs.

MRS. JONES' WILL FILED IN PROBATE

The will of Mrs. Ellen Jones, de-
ceased, has been filed in Probate
Court and by its terms Austin F.
Hopkins is made executor and vir-
tually the entire estate is left to her
daughter, Mrs. Austin F. Hopkins, to
Mr. Hopkins and to the testator's
grandson, Edwards Hopkins.

To the latter is decreed \$20,000 in
bonds, or, if the bonds had been sold
at the time of her death, then the
equivalent of the bonds in cash; 640
acres of land in Plain View County,
Texas, or its cash equivalent; two
shares of stock in the First National
Bank of Jackson and \$5,000 in cash.

To her daughter, Mrs. Hopkins, is
decreed the home property of 50
acres near Oak Hill, Jackson county;
all government and municipal bonds,
certificates of deposit and other se-
curities.

To Mr. and Mrs. Hopkins, share
and share alike, all stock in the Un-
ion Iron Company, near Oak Hill and
certain bank stock in Oak Hill.

The original document was drawn
October 12, 1912 and witnessed by L.
Vesta Hempstead, and C. A. Reid.
Two codicils, one drawn January 17,
1919 and the other on July 8, 1919,
abolish certain provisions contained
in the original document which had
since been carried out by the testa-
tor.

ARRESTED HERE BIGAMY CHARGED

Minnie Jarvis, 24, of Portsmouth,
was placed under arrest by Sheriff
N. B. Hall and Deputy Sheriff A. C.
Nelson, Friday night, upon informa-
tion from Sheriff Rickey, of Port-
smouth, and Saturday Sheriff Rickey
arrived in this city to get his man
and take him back to face a bigamy
charge.

According to Sheriff Rickey, Jarvis,
although having a wife living, went
to Greenup, Kentucky, and there
went through the marriage ceremony
with an eleven year old girl, who
since has been sentenced to the Girls'
Industrial School. He also stated
that the girl's mother, who accom-
panied the pair and gave her consent,
was given 90 days in prison, and the
father, on an unmentionable charge.

BREAD DROPS TO THREE FOR QUARTER

Springfield, O., September 6.—
A decrease in the retail price of
bread was the most pronounced
movement in the general decline
of living costs in Springfield this

Retail grocers who have been
marketing bread at nine cents
straight, lowered to three loaves
for a quarter. This is presumab-

Expenditures

Conditions these days are bringing home to us in a forceful and practical way, more than ever before, realization that there are many privileges, the exercise of which we have always, heretofore, regarded as entirely a matter of our own private concern, which must be used with some regard for the rights of others.

In this day, following the close of the world war, to forever establish the principles of democracy throughout the world we find ourselves, apparently, hedged about in the enjoyment of our privileges. We find that the effect of our action on others must be taken into consideration even in our private affairs.

No one will deny that a man's fortune is his own, to do with as he pleases. There is no law forbidding a man to spend his money in any way he pleases, for the necessities, or even the luxuries, of life, and yet there is rapidly forming a public sentiment which is not slow to express itself against extravagant and useless expenditures by the "new rich."

Those people to whom war has brought large sums of money, those people who have "struck it rich" in oil well or mine investments and have been changed from men of modest means into possessors of great wealth, almost overnight, should guard their expenditures because a failure to do so would be a great factor in nullifying the endeavor to bring commercial conditions and living prices once again to a normal level.

There are many factors which contribute to the high cost of living prices and it is the combination of all these that has brought about the present feverish market conditions. One of those factors is the loose strings on those purses which hold the swollen profits.

As a rule generous, even prodigal expenditures by individuals, are welcomed in the commercial world. Under normal conditions they exert a wholesome and a stimulating effect on prices and trade, but these are not normal times yet and public interest demands that expenditures be sanely directed in the channels which will aid in the rehabilitation of trade and the re-establishment of the reign of those natural laws—supply and demand.

More Power to 'Em

That Fayette county's member of the State Board of Agriculture takes a close interest in his work is evidenced, to our entire satisfaction, by the haste he made to register an objection to an editorial appearing in Tuesday's issue of The Herald, claiming that one paragraph, inferentially, if not directly, declared that the State Board of Agriculture was vested with power to dispose of the proceeds realized from the state fair.

We all know, or should know, that the state fair is dependent for its existence upon the sum allotted to it in the state budget; that the whole of the fair receipts are dumped into the state treasury, as are the receipts from all other departments, and that, from the grand aggregate the budget sets aside enough for each department to live. The State Board of Agriculture is like all the rest. That's just what we are complaining about.

The state fair is entitled to spend the proceeds realized from the big show in betterments and if, in any year, the show is a loser then the state should foot the deficit.

The local member is a little apprehensive, we fear, that people generally attribute more power to his board than it really possesses. There is no inclination to "attribute" power to it which it doesn't have. What we want is more power given to it as to the disposition of funds realized through its own efforts.

Too Much Talk

We are hearing decidedly less talk about the wrong doings of the Chicago meat packers and the intention to wreck those great industries "right off" than we were hearing only a few days ago.

There has been entirely too much talk about the "vicious" industries in America by congressmen and political leaders, too much promised in the way of destructive legislation and too little done, for the good of the industries concerned and the people of America.

Congressmen are quieting down considerably. They do not seem to be nearly so "rantankerous" as they were a few weeks ago on any of the propositions which furnished the excuse for loud talk.

When congressmen learn not to magnify small matters, when they learn to get their bearings before filling the legislative halls with the noise of their "oratory" and the newspapers and magazines with columns of interviews about imaginary ills and promises, impossible to fulfill, then we will get more real good accomplished.

POETRY FOR TODAY

THE MAGIC NAME.

I heard the wind go crying through the grass
And making little sounds like any child;
The yellow leaves would hardly let me pass
Until I told them why I walked and smiled.
And when I spoke your name to them the wind
Broke into laughter as a child who stands
And sees a butterfly, while far behind
The yellow leaves were clapping tiny hands.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Saturday, the Sixth of September, passes double significance for both Americans and France—being the 162nd anniversary of LaFayette's birthday and the anniversary of the battle of the Marne.

Governor Cox decreed that all civic organizations celebrate this anniversary in some distinctive way and the Daughters of the American Revolution, at the National Conference, decided to give special observation to the day.

Friday night forty friends and neighbors gathered at the home of Mrs. Thos. Cullen and completely surprised the son, Thomas Jr., and the daughter Mary Josephine, in honor of their birthdays which come quite close together.

The evening was one of the merriest, the two honor guests rising to the occasion and really appreciating the effort made by their friends.

Music, dancing and tempting refreshments were factors in the good time.

Miss Cullen was the recipient of a number of pretty gifts.

Next week the Woman's Suffrage Association will take the enrollment of Fayette County women who believe that the women of Ohio should have the vote.

Washington Court House enrolled a magnificent majority of women and it is certain that the county will do its part just as spontaneously.

The party of boys who are enjoying an outing at the Bryant cottage on Paint Creek, have entertained with two delightful picnics, this week.

A camp fire, boating and the attractions of the lovely spot have been contributing factors at both parties.

Their guests included: Misses Eleanor Jones, Virginia Campbell, Dorothy Dick, Helen Baker, Elizabeth McDonald, Kathleen Davis, Doris McFadden, Maxine Kibler, Florence Bliss, Charlene Tharp, Laura Brownell and Mr. Willard Perrill.

Friends of Miss Ruth Brown, who has been visiting her aunt, Mrs. J. C. Dunn in Chicago the past month, will be glad to learn that she is recovering from a very serious operation, performed by Dr. Fitzgerald, prominent Chicago surgeon, at the St. Joseph's Hospital. The operation was performed in an endeavor to effect the cure of injuries to her arm, resulting from an accident some time ago and which were threatening paralysis of the arm and required immediate attention. It will be several weeks at the best before Miss Brown will be able to return home and resume her High School study. Mrs. A. M. Brown expects to join her daughter in Chicago next week.

Our Sanitary Methods The Public Protection

It is a fact well known that milk, when uncleanly and unsanitary handled, is the most liable of all foods to become infected by bacteria.

The danger is always present, and at this season of the year the germs of typhoid and malaria are most prevalent.

But with our methods of sterilization and pasteurization there is little cause for apprehension. Every drop of our milk is carefully pasteurized and contained in sterilized bottles before coming to the public.

A visit to our plant would reveal much that we do for the public protection.

SERGEANT YORK NOW HAS RIVAL

(By Associated Press.)
New York, September 6.—One lieutenant-colonel, twelve other officers and 250 snipers of the German army cried "kamerad" to Sergeant "Bill" Donnelly, a fighting Irish member of Co. B, 18th Infantry, during the second battle of the Marne—and thereby placed Sergeant Bill up in the class with Sergeant Alvin C. York, of Pall Mall, Tennessee, champion hero of the world war—it was announced here last night.

Members of Sergeant Bill's company at Camp Mills announced confidently tonight that General Pershing and the First Division will parade with Bill on Wednesday.

AMERICANIZATION CONFERENCE WILL BE IMPORTANT

(By Associated Press.)

Chicago, September 6.—The problems of Americans who are citizens by choice and not by accident of birth will be the chief consideration of some of the nation's greatest authorities on Americanization at conferences to be held here Sept. 3, 4, 5, 6, and 7, in connection with the All-American exposition which will be held from August 29 to Sept. 14, inclusive. It is hoped to devise methods for remedying the great weakness of the country's assimilating machinery that were revealed by the war.

The conferences will be under the auspices of the Illinois State Committee on Americanization of the Department of the Interior, of which Max Loeb of Chicago head of the exposition, is chairman. While the conference is particularly designed to study the question as it relates to the states of Illinois, Indiana, Michigan, Wisconsin and Minnesota, the subject is in its essence a national one and delegates are expected from all sections of the country. The total attendance of delegates now is estimated at about 1,000.

Heading the list of speakers will be Franklin K. Lane, Secretary of the Interior, who will speak on "America's Welcome," and Gov. Frank O. Jorden. Others include Judge Edmund C. Jarecki of Chicago; Dr. William A. Colledge of Washington, D. C.; Dr. J. J. Zimball, the Rev. Z. Z. Kralovec; Harold O. Berg, of Milwaukee; Duncan McDonald; H. F. Perkins; Miss Emily Napieralski; Dr. W. A. Evans; Miss Alice Hamilton; Ferdinand E. Schlotfeld; Reginald Heber Smith; Prof. Paja Radasavljevich of New York University; Felix Stroychmans, president of the All-American league; Mrs. Harriet Howard and many others prominent in the field of Americanization.

Wednesday, September 3, will be devoted to a discussion of "Community Activities" and an address by Dr. William A. Colledge on "The English Speaking Alien," "Labor and Industry" will be the subject Thursday, with the delicate race question also coming in for consideration. Friday there will be addresses on "Naturalization," "Elimination by Exploitation," "Education" and "Legal Handicaps" and Saturday will be "Child Welfare Day."

In addition to the conference and exposition of the accomplishments of foreign-born Americans, which will include folk songs and dances, a two-day national musical festival will be held September 10 and 11 under the auspices of the National Federation of Musical Clubs of which Mrs. F. A. Sieberling, of Akron, O., is president. A chorus of 3,000 voices drawn from the many nationalities represented will be one of the features. The aim will be to show the value of music as an Americanizing influence.

A prospectus of the conference issued by Chairman Loeb explains that it is to be "a conference of the actual workers in the various phases of Americanization that out of their experience in the past may come the best methods for the future to be incorporated with national, state, and committee plans."

LOST BATTALION HERO A CITIZEN

(By Associated Press.)

New York, September 6.—Final naturalization papers were granted here today to Abraham Krotoshinsky, who crawled thirteen hours on his hands and knees to obtain aid for his comrades in the famous "lost battalion" of the 77th division when they were surrounded by Germans in the Argonne.

For his heroism he received the distinguished service cross and a special citation.

Man proposes and woman disposes—of his propositions.

WEINER ROAST

FINDS POTATOES FREE OF DISEASE

After an examination of the potato fields of this county Friday, no trace of the Black Wart, the new Irish potato disease, was found by Lee Bonar, an assistant in the Bureau of Plant Industry at Washington, D. C. So far as known no other potato disease of a serious character is existing in the county.

Mr. Bonar made a tour of the county during the day and inspected a number of fields but no signs of the disease were reported. He states that the disease causes a rough spongy growth on the potato which appears in the eyes and which grows to varying dimensions. They are light brown at first but afterwards become black and decayed.

Any suspicious cases, the inspector declared, should be reported at once to the Agricultural Experiment Station, the State College, or to the Plant Disease Survey, U. S. Department of Agriculture, Washington, D. C. and that specimens should be sent.

WILLIAM BARNES PROPERTY SOLD

The Wm. Barnes residence on North street, opposite Grace M. E. church, has been purchased by Miss Lizzie Tway, of Paint township, and Miss Tway and her father, Mr. John Tway, will move to their newly acquired property in the near future.

The Barnes property, a large, modern frame structure is not only ideally located but is regarded as one of the most desirable properties in the up-town section.

Hitchcock and Dalbey negotiated the transaction.

WASHINGTON IS TO BE VISITED

This city is included in the Manufacturers and Jobbers' Association trade tour which is to be made about September 17th by a large number of Columbus dealers.

The trip includes London, South Charleston, Jamestown, Wilmington, Washington C. H., and other points.

It is expected that when details are announced arrangements will be made by local business men and citizens to give the visitors a hearty welcome.

THE KEY TO HEALTH

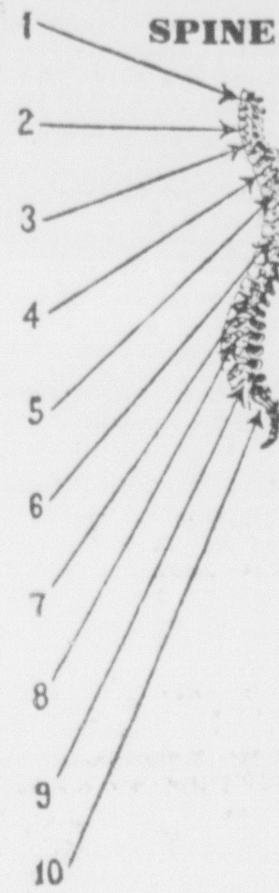

YOUR NERVES MUST BE IN PERFECT
CONDITION—FREE FROM PRESSURE—
OR YOU CANNOT REMAIN WELL.

IF YOUR LIFE IS WORTH ANYTHING,
YOUR HEALTH IS WORTH A FEW MIN-
utes investigation of this science.

NO DRUGS NO SURGERY
NOT OSTEOPATHY.

90 PER CENT of all diseases originate at the points indicated by the arrow heads. The diseases given below are ONLY A FEW OF THE MANY which are caused by sub-luxations in the spine.

- 1.—Slight displacements at this point will cause headaches, eye disease, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, etc.
- 2.—Slight displacement of a vertebra in this part of the spine is the cause of many cases of catarrh, throat trouble, neuralgia, pain in the shoulders and arms, goitre, etc.
- 3.—The arrow head marked number 3 locates the part of the spine wherein subluxations will cause bronchitis, pain between the shoulder blades, etc.
- 4.—Heart disease is often caused by spinal displacement at this point, also asthma, lung trouble, pneumonia, etc.
- 5.—Stomach and liver troubles, enlargement of the spleen, plury and a score of other diseases are caused by displacements in this part of the spine so slight as to remain unnoticed by all doctors except the scientific Chiropractor.
- 6.—Here we find the cause of gall stones, dyspepsia of upper bowels, typhoid fever, shingles, etc.
- 7.—Bright's disease, floating kidney, ovarian troubles and many other diseases are caused by nerves and vessels being pinched in the spinal "windows" at this point.
- 8.—Such diseases as appendicitis, bladder diseases, peritonitis, lumbago, etc., follows spinal impingements of nerves at this part of the spine.
- 9.—Why have constipation, rectal troubles, piles, sciatica, prostatic trouble, etc., when scientific adjustment at this part of the spine will be followed by cure.
- 10.—A slight slippage of one or both innominate bones will likewise produce sciatica, rectal, and prostatic troubles, together with many other diseases of the pelvis and lower extremities.

LADY PATIENTS—In no line of disease do we have better success than in the various diseases and ailments which affect womankind. Benefits are promptly shown without the annoyance which they are subjected to under other treatments. The proper nerve supply being restored, normal functions are quickly re-established.

By investigation many things are made clear that would otherwise be hidden in darkness.

The recuperative powers of a patient determine the time required to regain health.

Our charges for adjustments are moderate—much less than you'd expect to pay.

NOT OBSERVING TRAFFIC LAWS

There is a noticeable tendency to disregard the traffic rules of the city and as a disregard for the law increases the dangers attending the presence on the streets pedestrians and vehicles is increasing at an alarming rate with the result that during the past few days several serious accidents have been averted only by a seeming miracle.

Turning about at almost any point in the streets is one of the offenses frequently noticed.

With the streets partly blocked by the numerous piles of bricks while pipe repairing is under way, the dangers are greatly increased, particularly when some stand or wagon is permitted to obstruct the right-of-way on or near important intersections, and to cheapen the appearance of the up-town district, it is pointed out.

WANTS DIVORCE

In the common pleas Court Emma Beatty has asked for divorce from Charles Beatty and restoration to her maiden name. Gross neglect of duty and abandonment are charged by the plaintiff, who is represented by Rankin and Rankin.

The couple were married May 24, 1894. The defendant is alleged to have left the plaintiff on September 1, 1919.

\$241 PER ACRE

At public auction, Friday, the J. R. Vannorsdall farm near Pearson Station was sold to James Miller of Jeffersonville. The sale price was \$241 per acre, for the 121 acres.

The farm is better known as the David Crawford farm and is located just over the Fayette line in Greene county. A large crowd was on hand and the bidding was spirited.

PRESS TROUBLE

Because of a hot bearing which developed soon after the big Goss Comet press in The Herald plant was started, Friday evening, some delay was occasioned in running off the evening edition of The Herald. It was the first time such trouble has developed, and is not likely to occur again in years.

Hillsboro is to lose her traction line and with the passing of the Hillsboro line goes glimmering the prospects of an electric line ever being constructed through this city from that direction, as well as the proposed line from Hillsboro to Chillicothe.

The road is to be dismantled and junked from Owensville to Hillsboro and the remainder of it may be junked at a later date.

This action is result of an order from the Public Utilities Commission of Ohio, and the order was made upon application of the Union Savings Bank and Trust Company, of Cincinnati, trustee for the first mortgage holders, to abandon the entire line.

The company, the history shows, was incorporated in 1901, beginning operations in 1903.

It had a half-and-half division of common and preferred stock of \$2,500,000 and first mortgage bonds of \$600,000, as well as second mortgage bond of \$86,000. The annual interest requirements were \$41,174.

Early in its history the road earned enough to pay first mortgage bond interest, after paying all other expenses, but it never has been able to repeat this.

Why the Children
 Want More Cereal

I AM putting a creamier, richer milk on the children's corn-flakes and cereals now—they say the taste is much better—and they always come back for more. That's the proof.

You see, I found out that those shiny tins of Every Day Milk are just twice as nourishing as dairy milk—and twice as rich in cream—at much lower cost.

You don't know, unless you have tried it, how good Every Day will make your cereals—how fresh and creamy. Because it tastes so good, because it is so rich, so nourishing, and yet it costs so little—because it makes you independent of ice man and milk man—Every day use Every Day.
